PROFESSIONAL OVERVIEW

Information Technology graduate in August 2026, Magna Cum Laude, from Pamantasan ng Lungsod ng Maynila with hands-on internship experience in IT Operations and Data Analytics at Accenture Philippines. Proficient in designing data-driven workflows, building operational dashboards, and developing full-stack and low-code solutions using the Microsoft 365 Power Platform. Experienced in managing end-to-end technical projects and leading cross-functional teams across IoT, AR, and web development initiatives—an active contributor to multiple tech communities and organizations with a track record of delivering results under tight deadlines.

PROFESSIONAL EXPERIENCE

System Engineer

July 2026 – Present

ACTech2 | Makati, Philippines

- Develop client-based websites as a junior full-stack software engineer, contributing across frontend and backend development
- Perform both automated and manual testing to validate functionality, identify issues, and support software quality

IT Operations & Data Analytics Intern

Feb 2026 – May 2026

Accenture Philippines · Mandaluyong, Philippines

- Designed and deployed automated operational tools, data pipelines, and real-time dashboards that streamlined physical security workflows, improved data governance across five SharePoint lists, and reduced manual tracking and reporting.
- Developed an AI-powered reporting agent and delivered stakeholder presentations on system architecture, project progress, and operational insights, while gaining foundational exposure to IT service management and Microsoft 365 workflows.

EDUCATION

BS Information Technology

August 2026

Pamantasan ng Lungsod ng Maynila (PLM) · Manila, Philippines

- Magna Cum Laude | 1.35 OGWA
- Dean's Lister (2022 - 2026)

Senior High School – STEM Strand

Jul 2022

Universidad de Manila (UDM) · Manila, Philippines

- With High Honors | 96 OGWA

SCHOLARSHIP

Charity First Foundation Inc. PLM Representative

Jun 2023 – May 2026

Quezon City, Philippines

TECHNICAL PROJECTS

ManilarServe: Augmented Reality Indoor Navigation System

Jul 2025 – Nov 2025

Project Manager | Full Stack Developer · PLM

- Led end-to-end delivery of an AR-based indoor navigation platform, managing system architecture, frontend-backend integration, and cross-functional coordination to ensure milestone completion and improve campus navigation efficiency.

MediQnect: IoT-Based Smart Pill & Syrup Dispenser

Jan 2025 – Jul 2025

Project Manager | Hardware Developer | Backend Developer · PLM

- Designed and delivered an IoT healthcare solution integrating ESP32, MQTT, and backend APIs for real-time monitoring and automated dispensing, while coordinating hardware and software teams throughout the project lifecycle.

Payroll System

Apr 2024 – Jun 2024

Project Manager | Backend Developer · PLM

- Led project planning and task delegation to deliver a functional payroll processing system, designing the database schema and backend logic to ensure accurate and auditable payroll computation.

Haritreats: E-Commerce System

Feb 2023 – Jun 2023

Project Manager | Backend Developer · PLM

- Managed cross-functional deliverables across design, frontend, and backend workstreams, while building a scalable backend architecture for product inventory management and transaction processing.

CERTIFICATIONS & TRAINING

AI Fundamentals: Foundations for Understanding AI , Cisco Networking Academy & IBM SkillsBuild	July 2026
Data Analytics Essentials , Cisco Networking Academy & DICT-ITU	May 2026
AI-Powered Project Manager Masterclass , TechAcademy	October 2025
AI in Business Analytics: The Future of Planning and Decision-Making , Ateneo de Manila	October 2025
Fundamentals of Machine Learning & AI , AWS Training and Certification	August 2025
Software Engineering Online Course , Saylor Academy	December 2024
Introduction to Data Analytics using Microsoft Excel , Coursera	September 2024
Power BI Data Visualization Workshop , ExcelHelpline Philippines	September 2024

ORGANIZATIONS & LEADERSHIP

VP for Strategy & Initiatives , DevCon Manila	Jan 2026 – Present
Class President , PLM, BSIT Batch 2026	Aug 2024 – Sep 2026
Lead Secretariat, Operations , Google Developer Group on Campus (GDGoC) – PLM	Sep 2025 – May 2026
IoT & Robotics Associate , Amazon Web Services Cloud Clubs (AWSCC – Haribon) – PLM	Sep 2025 – May 2026
Director of Club Services , Rotaract Club – PLM	Nov 2023 – May 2026
Director, Events Committee , Microsoft Student Community (MSC) – PLM	Aug 2024 – Sep 2025
Social Media Moderator , AWS Cloud Club (AWSCC PH)	Aug 2024 – Aug 2025
Ambassador for Publication , College of Engineering Student Council	Aug 2023 – Sep 2024

VOLUNTEERING

Production Crew, Stage Manager , Echelon Philippines 2025 – SMX Convention, Pasay	Sep 2025
Production Crew , IoT Conference 2024 – SMX Convention, Pasay	Oct 2024
Production Crew , Echelon Philippines 2024 – SMX Convention, Pasay	Sep 2024
Event Coordinator , Blockchain Campus Conference 2024 – iAcademy Nexus, Makati	Jun 2024

TECHNICAL SKILLS

Programming: Python, PHP, JavaScript, C#, Dart | **Database:** SQL
Frameworks: AngularJS, Flutter, FastAPI, Bootstrap
M365 & Low-Code: Power Apps, Power Automate, Power BI, SharePoint, Excel, Google Workspace
IoT & Hardware: ESP32, MQTT, Sensor Integration
Core Competencies: Data Analytics, IT Operations, Backend Development, Project Management, Leadership, Problem-Solving
